

JEEP® COMPASS

Jeep®

## Introducing The All New Jeep® Compass

Welcome to an entirely new direction of Jeep enabled self expression. Not since the patriarch of the Jeep brand first opened the doors of the deepest woods has a Jeep vehicle been designed to deliver its drivers into a whole new territory. This is Compass and it has been born from a marriage of legendary capabilities and cutting edge technologies. It is a combination that allows Compass to carve an unmistakable path through rush hour traffic or mud covered back roads with equal ease, while senselessly integrating itself with the accessories that accompany a busy modern life. This is a new breed of Jeep vehicle, built to boldly navigate the most complicated of modern landscapes.

## Style

Jeep Compass represents a new adventure for the Jeep brand. The fresh look with traditional round Jeep headlamps and 7-slot grille, muscular body side flares, strong stance and sweeping roofline, combined with the versatility of 5 doors, is designed for customers who want 4WD capability combined with good fuel economy and a unique style.

### Distinctive Jeep Brand Styling

Unmistakable Jeep styling includes 7 Slot grille, round headlamps and trapezoidal wheel openings.

### Aggressive Wheels

Assertive wheels and tyres include standard 18" alloy wheels combined with all round performance tyres.

### Design

Jeep Compass has an interior design theme that combines functional style, comfort and versatility in an appealing and roomy package. Models feature a pair of 2-tone interior colour selections; leather interiors are available in Dark Slate Gray/Pastel Slate Gray and Dark Pebble Beige/Pastel Pebble Beige.

Leave it to a Jeep® vehicle to showcase that rare combination of brute strength and sophisticated prowess: the Compass 2.0L DOHC 16V Turbo diesel engine. By combining world-class materials, such as an alloy cylinder head and deep skirt, cast-iron cylinder block with a die-cast aluminium oil pan together with an electronically controlled high-pressure direct injection fuel system, Compass is capable of producing remarkable power while achieving tremendous efficiency.

### Engine

2.0 litre turbo diesel engine providing 103kW of power and 310 Nm of torque.

### Efficient Transmissions

6-speed manual combined with the 2.0 litre turbo diesel engine yields excellent acceleration and economy.

### Balanced Ride and Handling

Firm-feel power rack-and-pinion steering system is complemented by a 4-wheel independent suspension with Macpherson struts in the front and a multilink suspension in the rear to deliver a comfortable ride with fun-to-drive handling characteristics.

### Freedom Drive I® 4WD

Choose FWD or available Freedom Drive I® active full-time 4WD with selectable 4WD LOCK mode. This state-of-the-art electronic 4WD system anticipates the need for added traction and responds to wheel-slippage by transferring power to the rear wheels. This system also contributes to vehicle stability in cornering situations by modulating power to the rear wheels. Freedom-Drive I® takes a lighter toll on fuel economy than many 4WD systems by operating only on demand when on-road (unlocked), thereby minimising power-robbing friction and inertia.

## Comfort & Convenience

The name is Limited. The amount of Leather used is not.

Beneath the leather-trimmed surface of the driver's seat on Compass lies a second-generation common seat core structure that not only delivers enhanced safety and support, it accommodates a lumbar support system and manual height adjuster.

### Flexible Seating and Cargo

Jeep Compass provides a generous 2696-litre interior passenger volume; up to 1277 litres of cargo space when the rear seats are folded and 334 litres with the rear seats upright, and standard 5-passenger seating. The front-passenger seatback folds flat to enhance the ability to haul long / large cargo. The standard 60/40 split-folding rear seat allows additional flexible cargo-carrying options, and the rear seat features a reclining seatback to provide extra head room and enhanced comfort in the back.

### Vinyl Cargo Area Load Floor

The rear compartment features a flat-folding vinyl load floor that is removable and washable to keep cargo-area mess to a minimum, and a concealed rear storage bin provides additional room for cargo. The rear compartment lamp doubles as a unique removable/rechargeable LED flashlight that charges when stowed in its housing.

### Centre Console

The Compass centre console features a full length adjustable sliding armrest with flip out MP3 player holder and a large storage bin that holds up to 10 CD's. It also features an input jack for your MP3 player.

Further storage options include A driver-side cubby box and a storage cubby located beneath the radio in the centre stack.

### Removable, Rechargeable Cargo-Area Lamp/ Flashlight

Handy illumination always at the ready.

# Safety & Security

## Air Bags

Advanced multistage driver and front-passenger air bags with Low-Risk Deployment Technology integrated into passenger air bag.

Standard supplemental side-curtain air bags provide side-impact protection to front and rear-seat outboard occupants.

## 4-Wheel Disc Antilock Brakes with Brake Assist and Traction Control

Designed to prevent brake-induced wheel lockup during severe braking manoeuvres, ABS automatically pumps the brakes many times per second in potential wheel-lockup situations. This action results in shorter stopping distances and increased steering control. Included as part of the ESP system, Brake Assist helps shorten panic stop distances by providing an active power booster that provides the maximum braking effort when needed.

The Off-Road ABS calibration used on Jeep Compass provides more sustained wheel lockup than normal ABS for improved stopping performance on plowable surfaces like loose dirt, gravel, sand and mud.

## Electronic Stability Programme (ESP) with Electronic Roll Mitigation (ERM)†

The Electronic Stability Programme (ESP) aids the driver in maintaining directional stability. ESP will do whatever can be done, within the limits of available traction, to keep the vehicle on its intended course coupled with ERM which applies selected brakes to reduce the likelihood of a rollover incident.

## ISOFIX/LATCH

For added peace of mind, all Jeep Compass models feature user-ready child seat lower anchors and top tether anchors for rear-seat positions. These anchors help improve the overall performance of compatible aftermarket child seats by minimising their movement.

## Further Standard safety features include:

Sentry Key Theft Deterrent System

Cargo Cover

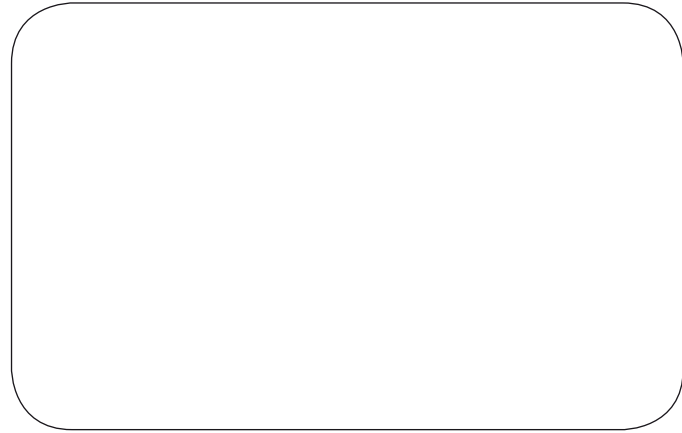

# Technical & Equipment Specifications

## Equipment

safety and security	
ABS - 4 Wheel Disc Anti-Lock	•
Advanced Multi Stage Driver and Passenger Airbags	•
Side Curtain Airbags	•
Child Protection Rear Door Locks	•
Electronic Stability Program (ESP) with Electronic Roll Mitigation (ERM)	•
Freedom Drive 1 - Active Full Time 4WD with Selectable LOCK Feature	•
Front Height Adjustabe Seatbelts with Pre Tensioners	•
Halogen Headlamps with Levelling System	•
ISOFIX/LATCH - Lower Child Seat Anchors & Upper Tether Anchors	•
Locking Fuel Filler Cap	•
Premium Security Alarm	•
Remote Keyless / illuminated Door Entry System	•
Sentry Key Immobiliser	•
Soft Tonneau Security Cover	•
exterior equipment	
18" x 7.5" Alloy Wheels	•
Body Coloured Front & Rear Fascias	•
Bright Bodyside Mouldings, Bright Front & Rear Bumper Inserts	•
Front Fog Lamps	•
Manual Liftgate with Fixed Glass	•
Power Folding Door Mirrors	•
Rear Fog and Side Repeater Lamps	•
Roof Rails - Black	•
interior equipment	
Air Conditioning	•
Air Filtering	•
Auxiliary Power Socket on Instrument Panel	•
Cargo Area Ultrafloor - Removable & Washable Vinyl Load Floor	•
Centre Console with Sliding Armrest, MP3 Holder & Cubby Bin	•
Cruise Control	•
Cup Holders - Front (2) and Rear (2)	•
Door Panels with Front Map Pockets	•
Driver & Front Passenger Visor Vanity Mirrors	•
Electric Windows, Front & Rear - 1 Touch Driver Open	•
Folding Rear Bench Seat 60/40 Split	•
Front Passenger Flat Forward Folding Seat	•
Heated Front Seats	•
Height Adjustable Steering Wheel	•
Instrument Panel Cubby, Below Radio & Above Glove Box	•
Interior Cargo Lamp with Removable, Rechargeable LED Flashlight	•
Leather Trimmed Bucket Seats	•
Leather Wrapped Steering Wheel	•
Manual Driver Seat Lumbar Adjustment with Seat Height Adjustment	•
Privacy Glass in Rear	•
Smokers Kit - Removable Ashtray and Lighter	•
Tie Down Loops 4; 2 on the Lower Rear Scuff Plate & 2 Near the D Pillar	•
in car entertainment	
4 Speakers	•
AM/FM/CD Player with Audio Input Jack for MP3 play capability	•
Steering wheel Audio controls	•
warranty	
2 Year Unlimited Kilometer	•
